

Phase II Design Task Force Meeting, August 28, 2016

Attendees: Diane Cassity, Bonnie Postlethwaite, Holly Miller, Diann Spencer, Amy Eckhoff (GW), Kevin Wineinger (GW)

Recorder: Bonnie Postlethwaite

GW presented new plans to be shown at the Wed. evening discussion. They clarified that the costs for the options with the Music Room/Chapel previously did not include the costs for the Music Room/Chapel. The discussion centered around what was possible with the current funding. The Task Force decided to make the Warwick Steps and the Conover Roof as options as together they are about the same as the Music Room/Chapel. New combinations with pricing will be put together to present on Wed. evening. GW will provide a movie 'walking' a person through the space so they can get a sense of lighting, space, etc.

No meeting on Sept. 4.
